10. BOAT & HORSEPOWER REGULATION

All boats must be propeller-driven and a minimum of 16 feet in length. No barges or similarly cumbersome craft will be permitted. Each boat must have all required U.S. Coast Guard safety equipment. Boats must contain a properly aerated livewell space to maintain alive a limit catch of bass. Maximum horsepower for all outboards used in tournament competition shall not exceed the horsepower capacity set forth on the "Maximum Capacities" placard described below. Each boat must have a clearly legible "Maximum Capacities" (or comparably titled) placard that includes a maximum horsepower rating affixed to the boat by the manufacturer. The horsepower of the outboard engine must not exceed the maximum horsepower capacity specified on this placard. By signing the entry form, contestants, coaches and boat captains agree to submit their boat and/or motor to an inspection by tournament officials. Falsifying information on entry forms or altering the horsepower numbers on the motor or rating placard will be cause for disqualification from the tournament and may result in ineligibility to compete in future High School Fishing tournaments. Fishing platforms must be factory-installed equipment. No portable platforms may be used in tournament competition. Fuel may be carried only in factory-installed (built-in) fuel tanks or auxiliary fuel tanks that are securely strapped or otherwise fastened to the boat. Any additional fuel used during the tournament day must be purchased from a retail facility open to the public and pumped through a hose with a nozzle. The use of generators, other than solar or wind-powered generators, is prohibited in contestant boats during tournament hours.

11. PERMITTED FISHING METHODS

Fishing is defined as having a lure attached to a line and a rod and reel with the rod in hand. All bass must be caught alive in a conventional sporting manner. All lures must adhere to state regulations. Only artificial lures may be used, with the exception of pork trailers and biodegradable soft baits. Alabama rigs and similar umbrella-type rigs are limited to a maximum of five wires with a maximum of five spinners, five lures and three hooks (single or treble) unless state regulations are more restrictive, in which case state regulations prevail. Only ONE fishing rod may be used at a time. Trolling as a method of fishing is strictly prohibited. Trolling is defined as operating any combustion engine to extend a cast or lengthen a retrieve or using any mechanical propulsion device to move the boat as the sole means of imparting action to the lure. All bass caught while sight-fishing must be hooked inside the mouth and immediately shown to your coach or boat captain for verification.

12. PERMITTED FISHING LOCATIONS & BOUNDARIES

Teams may fish anywhere on tournament waters within the boundaries defined by the tournament director that are available to the public and accessible by boat except areas designated as “off-limits,” “no boats,” “keep out,” “restricted,” “no trespassing” or “no fishing” (or similar language or markings intended to restrict public access) by tournament officials, commercial property owners and/or local, state or federal officials, or within 50 yards of a contestant’s boat that was first anchored. An anchored boat is a boat held in a stable position by a line attached to a weight or by a Power-Pole, Talon or similar shallow water anchor with the trolling motor in the up position. All fishing must be conducted from the boat. At no time may a contestant leave the boat to land a fish or to make the boat more accessible to fishing waters. The cutting of trees, bushes and/or logs after the start of onsite registration and/or the removal of official local, state or federal barricades at any time to make an area more accessible by boat is strictly prohibited and may result in disqualification from the tournament. The use of cables, ropes, chains or any type of block and tackle system to maneuver a boat into fishing waters is strictly prohibited and will result in disqualification from the tournament. Teams must leave and return to the check-in by boat. The boat must remain in the tournament waters during the tournament day. No tournament boat may be loaded on a trailer before the team using the boat presents their catch for weigh-in, except with the permission of the tournament director. In the event of equipment failure or emergency, the tournament director must be notified as soon as it is safe to do so. There are then three permitted methods of returning to the check-in: (1) by both contestants remaining in their boat and being towed by water, (2) with permission from the tournament director, by one contestant entering the boat of another team or (3) both contestants entering a rescue boat so designated by the tournament director. Under these three conditions the team’s catch may be counted without a penalty (except for late penalties, dead-fish penalties or other penalties pertaining to other tournament rules) provided each team’s fish are adequately marked or separated so as to provide clear distinction of each catch to the tournament director. Teams that elect to return to the check-in by any other means than cited above will forfeit their day’s catch to that point in time of the tournament day. Abandoning a boat and leaving it adrift without proper tie-off or anchoring after a mechanical failure may result in disqualification of that day’s weight. Any team returning to the check-in point will be eligible to restart and resume competition under the supervision of the tournament director or his designated tournament official. It is the sole responsibility of teams to locate the tournament director to request a restart. Teams must remain together at all times and within sight of their coach or boat captain until check-in. The momentary condition of being out of sight of each other for restroom breaks is permitted. Violation of this rule may result in disqualification.

13. CHECKPOINTS

There will be only one checkpoint for boat check in the morning and one check-in point in the afternoon. Failure to go through boat check and checkout in the morning or failure to check in at the check-in point will result in disqualification. All fishing must cease upon check-in.

Tournament hours are as listed –

Boats will be back to shore at 2pm

14. LATE PENALTY

Teams that are not at the designated afternoon checkpoint at the appointed time will be penalized 1 pound per minute, deducted from the total weight. Teams more than 15 minutes late will lose credit for that day's weight.

15. LIVE FISH

Every effort must be made to keep bass alive through the use of a properly aerated livewell. Eight ounces will be deducted from the total weight for each dead bass presented for weigh-in.

16. SCORING

Scoring is determined by the pounds and ounces of each team's catch during each tournament. Only largemouth, spotted, redeye or smallmouth bass are accepted species. No regurgitated forage or other foreign matter may be placed in a bass. The daily limit will be five bass per team unless the state or lake limit is less than five, in which case the state or lake limit will prevail. Teams possessing more than the tournament limit must notify the tournament director immediately upon discovery of the infraction and reduce their catch to the tournament limit by releasing live bass. Teams possessing more than the tournament limit will be penalized 2 pounds for each bass over the limit. The minimum length limit for bass will be 12 inches unless the state or lake limit is more than 12 inches, in which case, the state or lake limit will prevail. Bass presented for weigh-in that fail to measure the prescribed length limit will be penalized at the rate of 1 pound for each short bass presented. Each team's catch must be presented in an official weigh-in bag. The winning team is determined by the day's heaviest catch.

17. TIES

If a tie is in place, the place tied and the next place thereafter will be combined and split between the ties.

18. LOGO DISPLAY & MEDIA COVERAGE

Contestants, coaches and boat captains may wear their own apparel. Tournament officials reserve the right, in their sole discretion, to prohibit any contestant, coach or boat captain's apparel that is determined to be offensive.

19. ALCOHOL & TOBACCO

During all days of competition any and all alcohol and tobacco logos are prohibited and may not be worn or displayed. Contestants may not smoke or use tobacco products during tournament hours, including weigh-in, at any event.

20. TRUTH VERIFICATION TEST

Each contestant and coach agree to submit, by signature on the tournament entry form, to a polygraph or voice stress analysis examination and to abide by its conclusion. Failure to pass an examination will result in disqualification from the tournament. Truth verification tests will be used at the sole discretion of tournament officials, and the determination of the meaning of the results will be made solely by tournament officials.

21. INSURANCE

Liability insurance with coverage in reasonable amounts is required on all boats used in High School Fishing tournaments. Proof of insurance must be with the boat being used and must cover all passengers in the boat. Random checks will be conducted. Failure to provide proof of insurance when requested by the tournament director may result in disqualification.
